Description: Spanning over 250 years of history, Black Ink traces black literature in America from Frederick Douglass to Ta-Nehisi Coates in this masterful collection of twenty-five illustrious and moving essays on the power of the written word. Throughout American history black people are the only group of people to have been forbidden by law to learn to read. This...

Review: The majority of the readings in this book were from authors I that read or was familiar with. That said, I did not enjoy all the selections contained in this book. The selection on peril was more balanced than that of power and the one on pleasure was mixed from my perspectives. This was a book club selection and I look forward to the discussion among...
